

God made birds in many shapes and sizes.

Birds fly higher and higher into the blue skies.

They praise God with their cheerful chirps

There are even birds that can't fly!

Ostriches can't fly but they can run as fast as horses.

Roosters can't fly either, but every morning they cry,

“Cock-a-doodle-do!”

Waiting for it to grow

“Mom” asked Namwoo “what’s going to happen to this seed?”

“If you take care of it.” Namwoo’s mom answered “this seed will grow out of the dirt! It will be young and beautiful. Just wait.”

Namwoo waits patiently for the seed to grow. But days pass, and nothing shows.

“Mom?” asked Namwoo “the seed isn’t growing. Should I take it out?” Namwoo’s mom smiles at him. “Oh, honey…… I had to wait ten months until I got to see you for the first time! I was wondering how your were growing inside my belly, too. Let’s wait and pray for the seed to grow.”

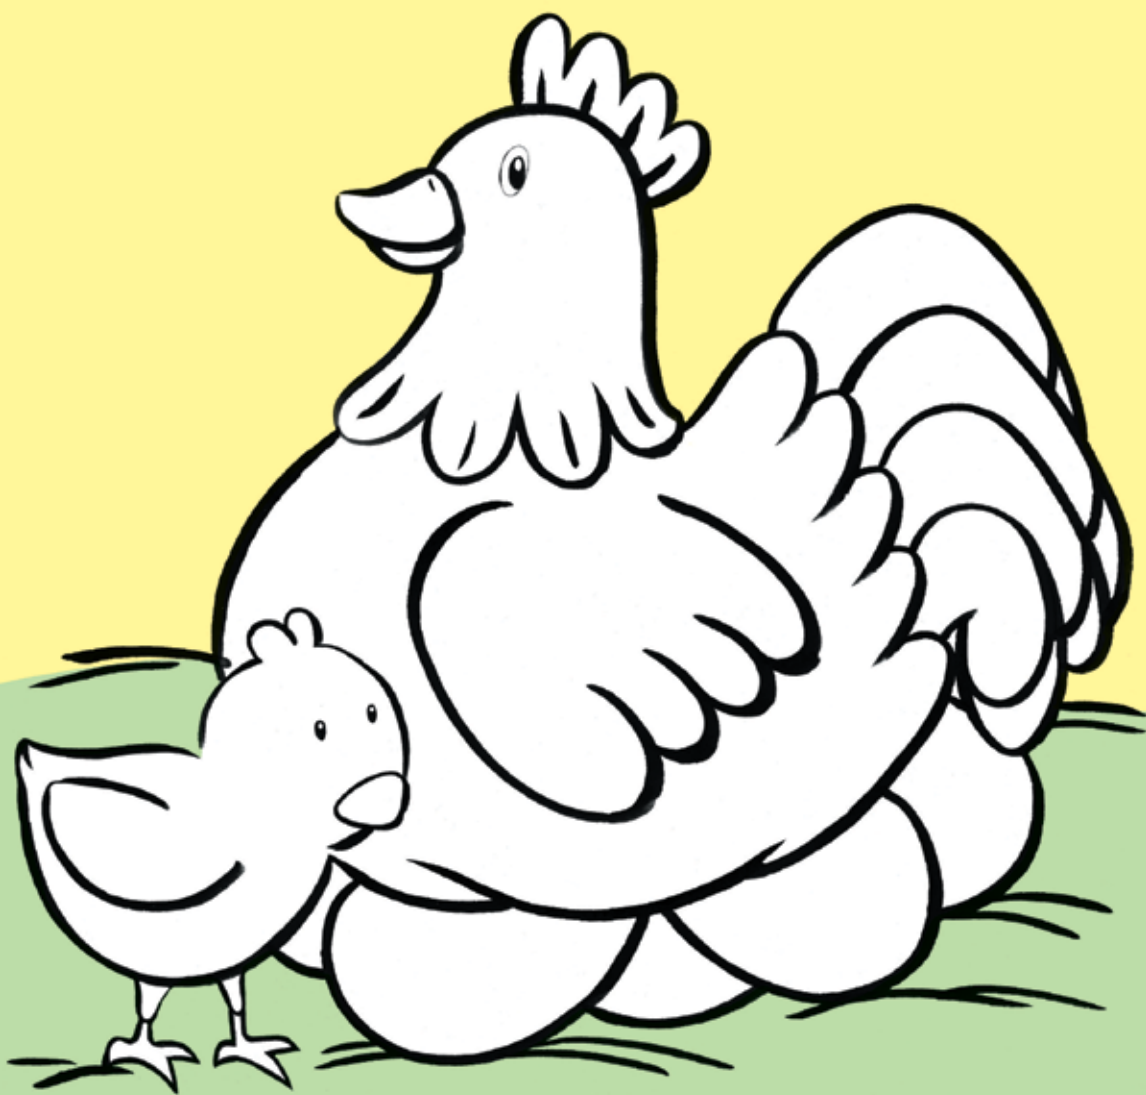

Joyful Activity

The mother hen is laying her eggs.

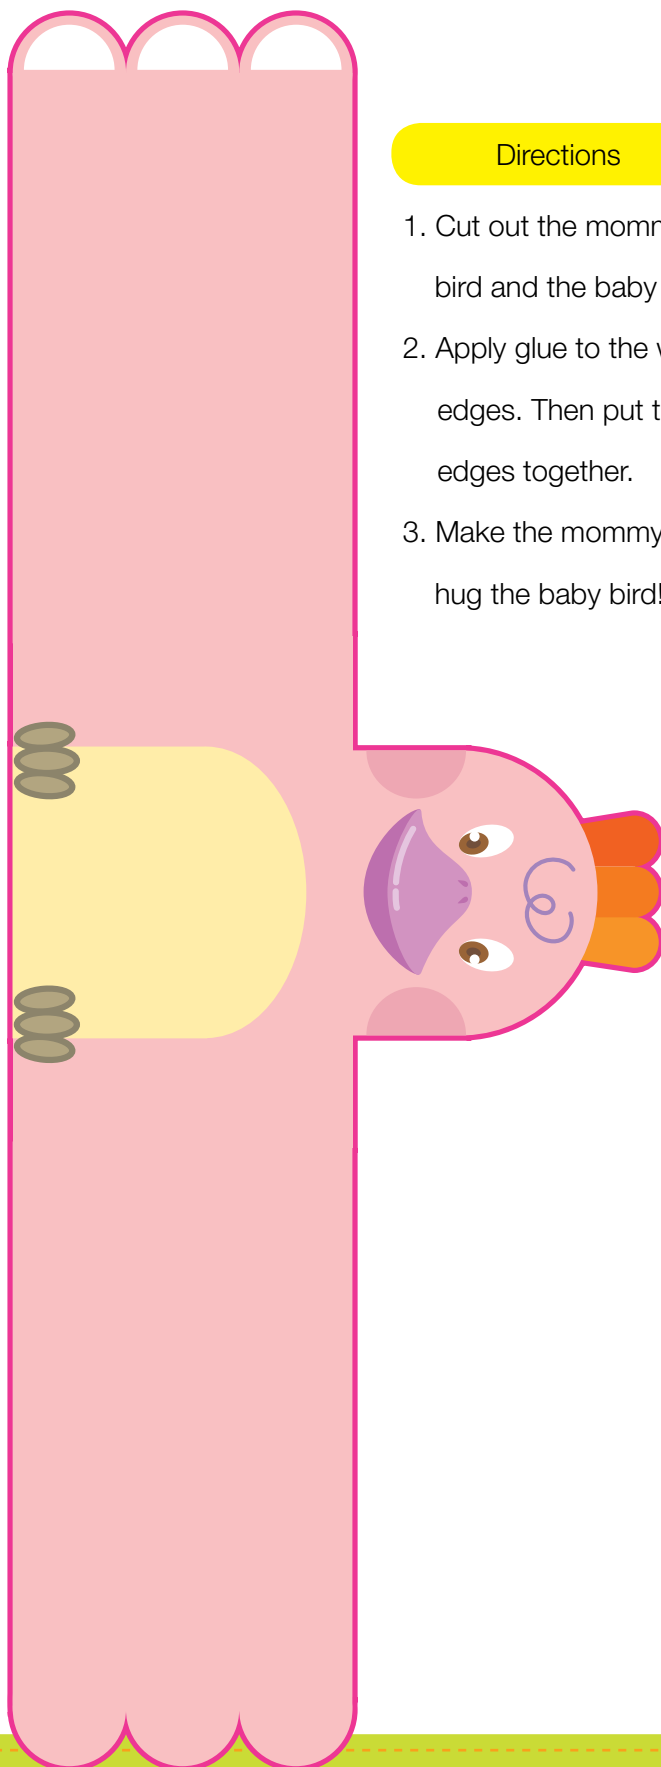

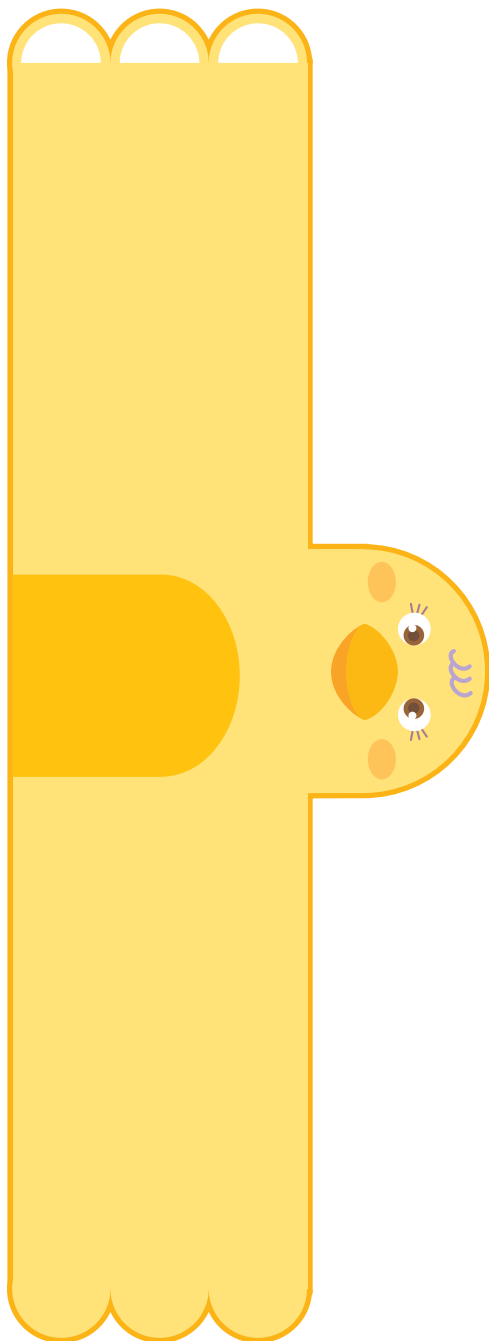

Make her look nice and colorful!

**Assemble the mommy bird
and the baby bird!**

FUN CRAFT

Directions

1. Cut out the mommy bird and the baby bird.
2. Apply glue to the white edges. Then put the edges together.
3. Make the mommy bird hug the baby bird!

Memory Verse

Trace this verse:

And let the birds fly
above the water
Genesis 1:20

Write this verse:

To Teacher
