Where Did I Come From?

I am Namwoo. I'm 7 years old. I have a father, a mother, an older brother, and a younger sister in my family. My older brother is in 3rd grade, and my younger sister is 4 years old.

We are the fruits of love of my father and mother. My father was born from my grandfather and grandmother. My grandfather was born from my grandfather's father and mother. Wow! I have a lot of grandfathers. Then who gave birth to my first grandfather? I will have to ask my teacher about it.
