

In the sky, birds fly and clouds float around.

When the clouds get heavy, then rain and snow falls
to the ground.

When I look at the sky, I realize how wide
and high the sky is. There is no end to the sky!
And God is even bigger than the sky!

God makes everything grow!

When I went outside, there were clouds floating in the clear sky.

“Teacher, didn’t God create the sky? And He created the trees and the flowers, too. right?”

“That’s right!”

God created the trees and the flowers
and He makes them grow!”

“God creates the trees
and flowers grow?”

“Yes, Let me give you this seed.
Plant the seed and watch it grow
into a big tree.

Then, you will know just how much
God helps.”

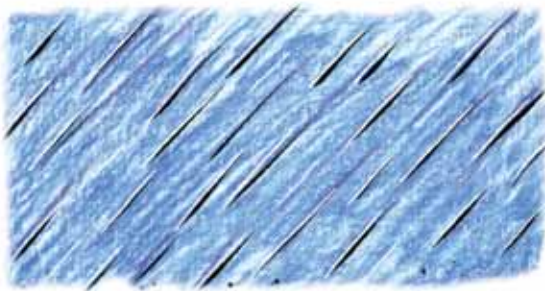

Joyful Activity

These are things that you can see in the sky. Look at the picture and fill in the

**Let's take a trip to the sky
with this rocket!**

**FUN
CRAFT**

*The directions for making the rocket are on the back.

Directions for making the rocket

1. Take the rocket and wrap it into a circle.
2. Glue the wings onto the rocket.
3. Take the rocket for a flight!
4. Play with your friends!

Memory Verse

Trace this verse:

By the word of the LORD
the heavens were made
Psalms 33:6

Write this verse:

To Teacher

To parents
