

# The Bible Is a Letter From God

The Bible is God's letter for me. We can find God  
in the Bible. What is God telling me?

The Bible tells the stories about the creation,  
brave God's people, and Jesus Christ.

I want to be a child who follows God's word.

We can easily forget what we hear and sometimes we can't remember it right. Although the Bible is a very old book, it is flawless because it is written in words.

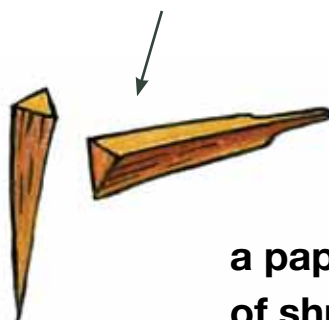

What kind of the Bible did ancient people read?

Since it was before the invention of paper, they wrote God's word on a paper made out of reed, a mud board, and sheep skin.

**a jar that used for storing scrolls**

## **What kind of stories are in the Bible?**

“What kind of stories are in the Bible?”

The teacher collected her thoughts for a second to answer Namwoo’s question.

“We can meet God through the Bible.”

Namwoo blinked his eyes.

The teacher continued.

“Have you ever received a letter from your father?”

“Yes.”

Namwoo told the teacher about the letter he received from his father when his father was on the business trip.

“God also wrote on the Bible what He wanted to tell us.

The Bible is a letter from God.”

Namwoo nodded.

“What did God write in His letter?”
