

Creation of Man

Genesis 1:26-31; 2

“Let Us make man, ruler of the world.”

God shaped man out of dust and breathed a spirit into his nostrils.
The man became a living being with the image of God.
God called him “Adam” and blessed him.

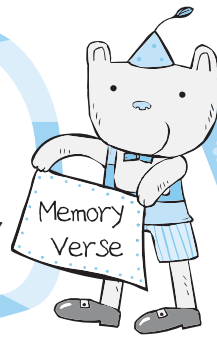

“Fill the earth and control it, Rule over the animals of the earth.”

God saw everything He had made and was pleased.

God brought all the different animals of the land and birds of the air to Adam to see what he would call them. So Adam named the creatures.

So God created man in His own image;
in the image of God He created him;
male and female He created them.

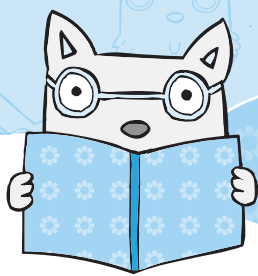

Genesis 1:27

But God saw that Adam was lonely. So He put Adam into a deep sleep and made a woman out of his rib.

God made Adam and his beautiful wife so that they could live in the Garden of Eden, and put them in charge of everything.

Today's Study

Read the main story of this lesson and answer the following questions.

1. How did God make the first man?

2. Why did God give Adam a wife?

3. Why did God make man?

God made _____ as an object of Adam's love and let them live together.

Likewise, God wants to live with men in heaven for eternity.

How was I made? Read the following story and answer.

_____ created me.

He has made my mother, father, brother, sister, grandma, and grandpa.

My mother and father love me. They gave birth to me, so I resemble them.

God loves me because I have a _____ in me that resembles Him.

Today's Lesson

God Loves Us Always.

- ? God made us as His lovers. How can we love Him back with our body He created?
○ Write on the lines below the ways we can love God back.

Praise God with our lips.

_____ God with our ears.

_____ God with our hands.

_____ God with our feet.

The hearing ear and the seeing eye, The LORD has made them both. (Proverb 20:12)

Let's Find out

Man Made of Dust

And the Lord God formed man of the dust of the ground. (Genesis 2:7)

The Bible records that God made man out of dust. Modern science has brought forth to us a technology of analyzing the chemical makeup of something. Scientists have analyzed the makeup of the human body. The result: the human body is made of dust, just as God has said in the Bible. Following is the result of an analysis of a 150-pound man:

Calcium - 43.5%	Sulfur - 1.4%
Chlorine - 4.3%	Magnesium - 1.4 %
Sodium - 4.3%	Phosphorus - 29.1 %
Potassium - 10.2%	Iodine, Manganese,
Iron - 0.1	Silicon, Copper, etc

As we can see from this data, what a human body is composed of is similar to the composition of the earth. Man was made of the dust of the ground, just as it has been written in the Bible from thousands of years ago.
