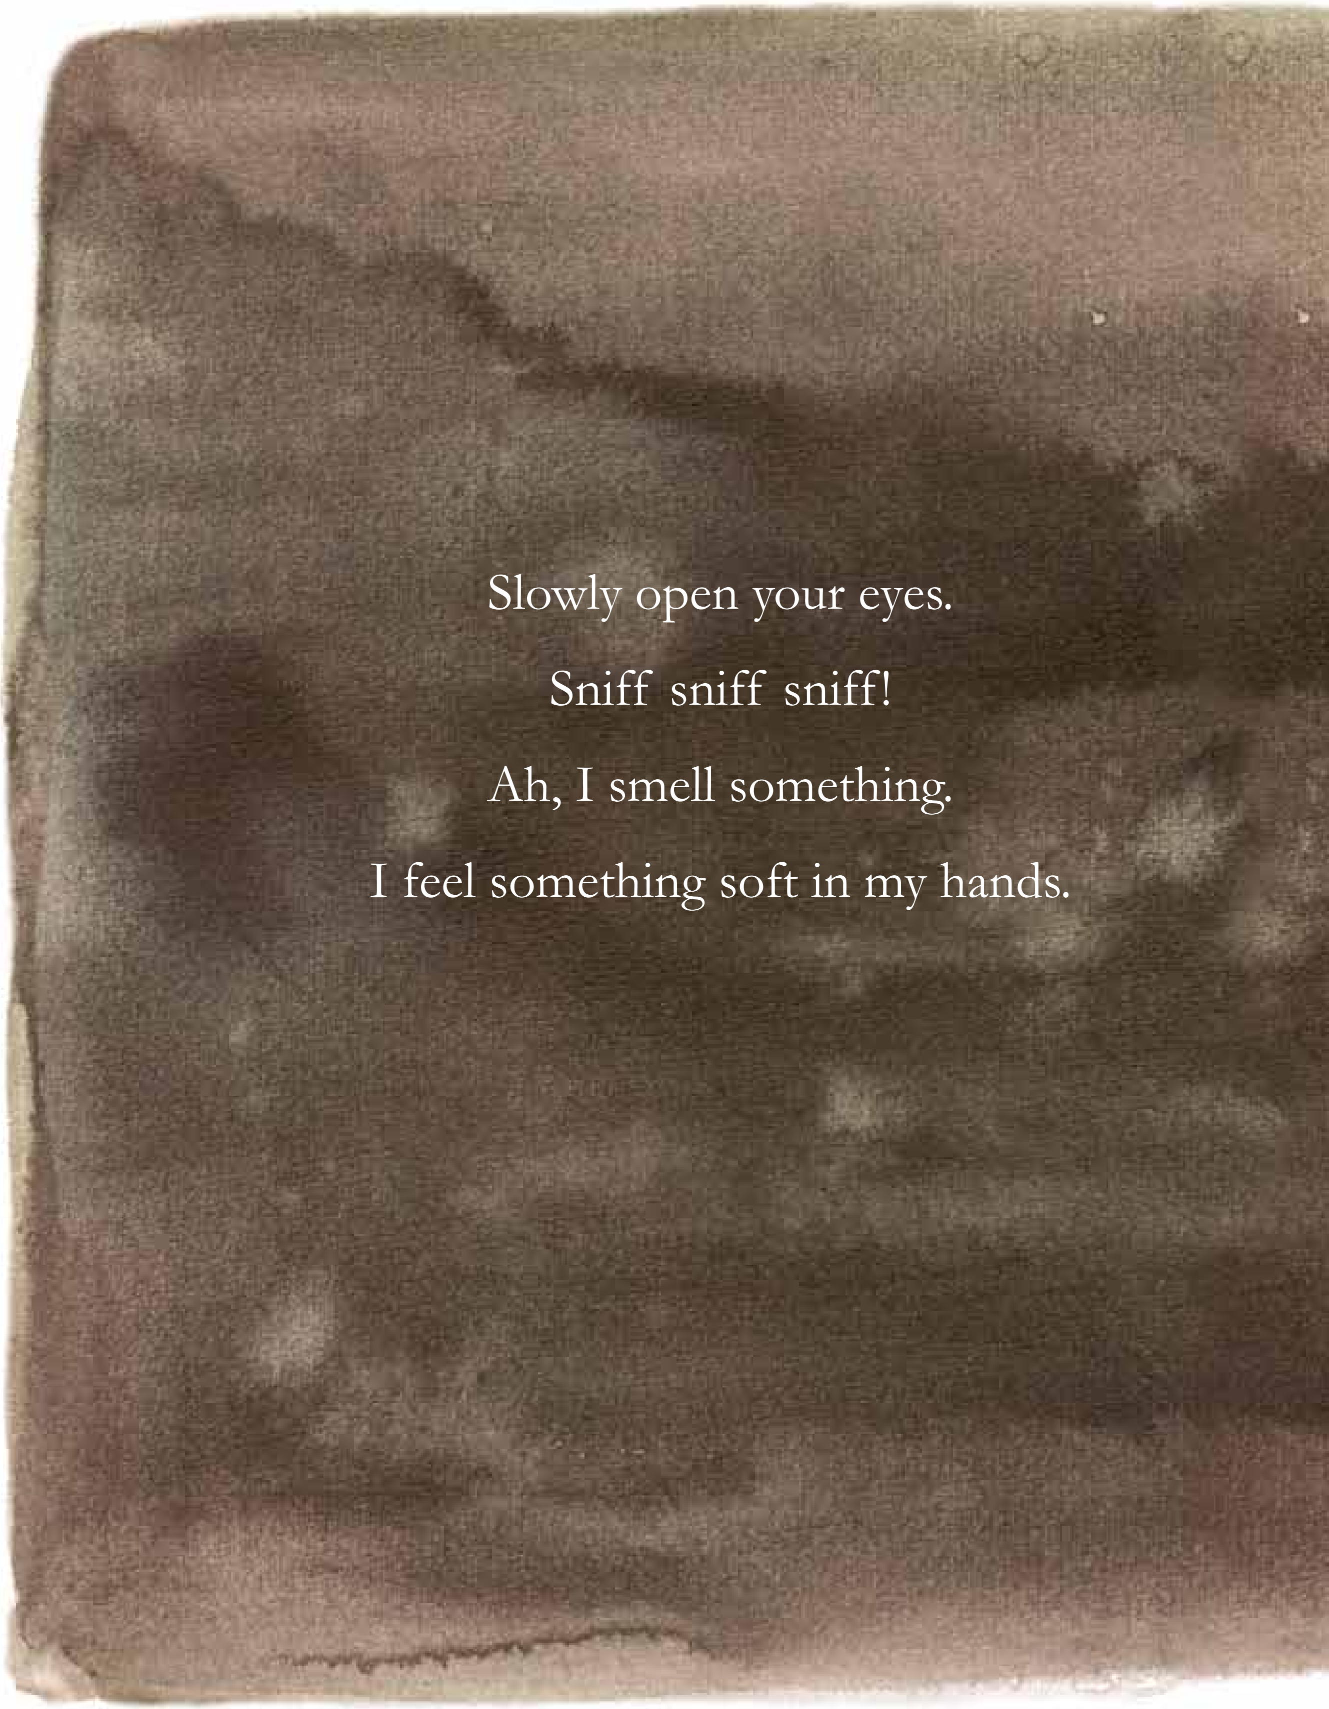
God Created the Light

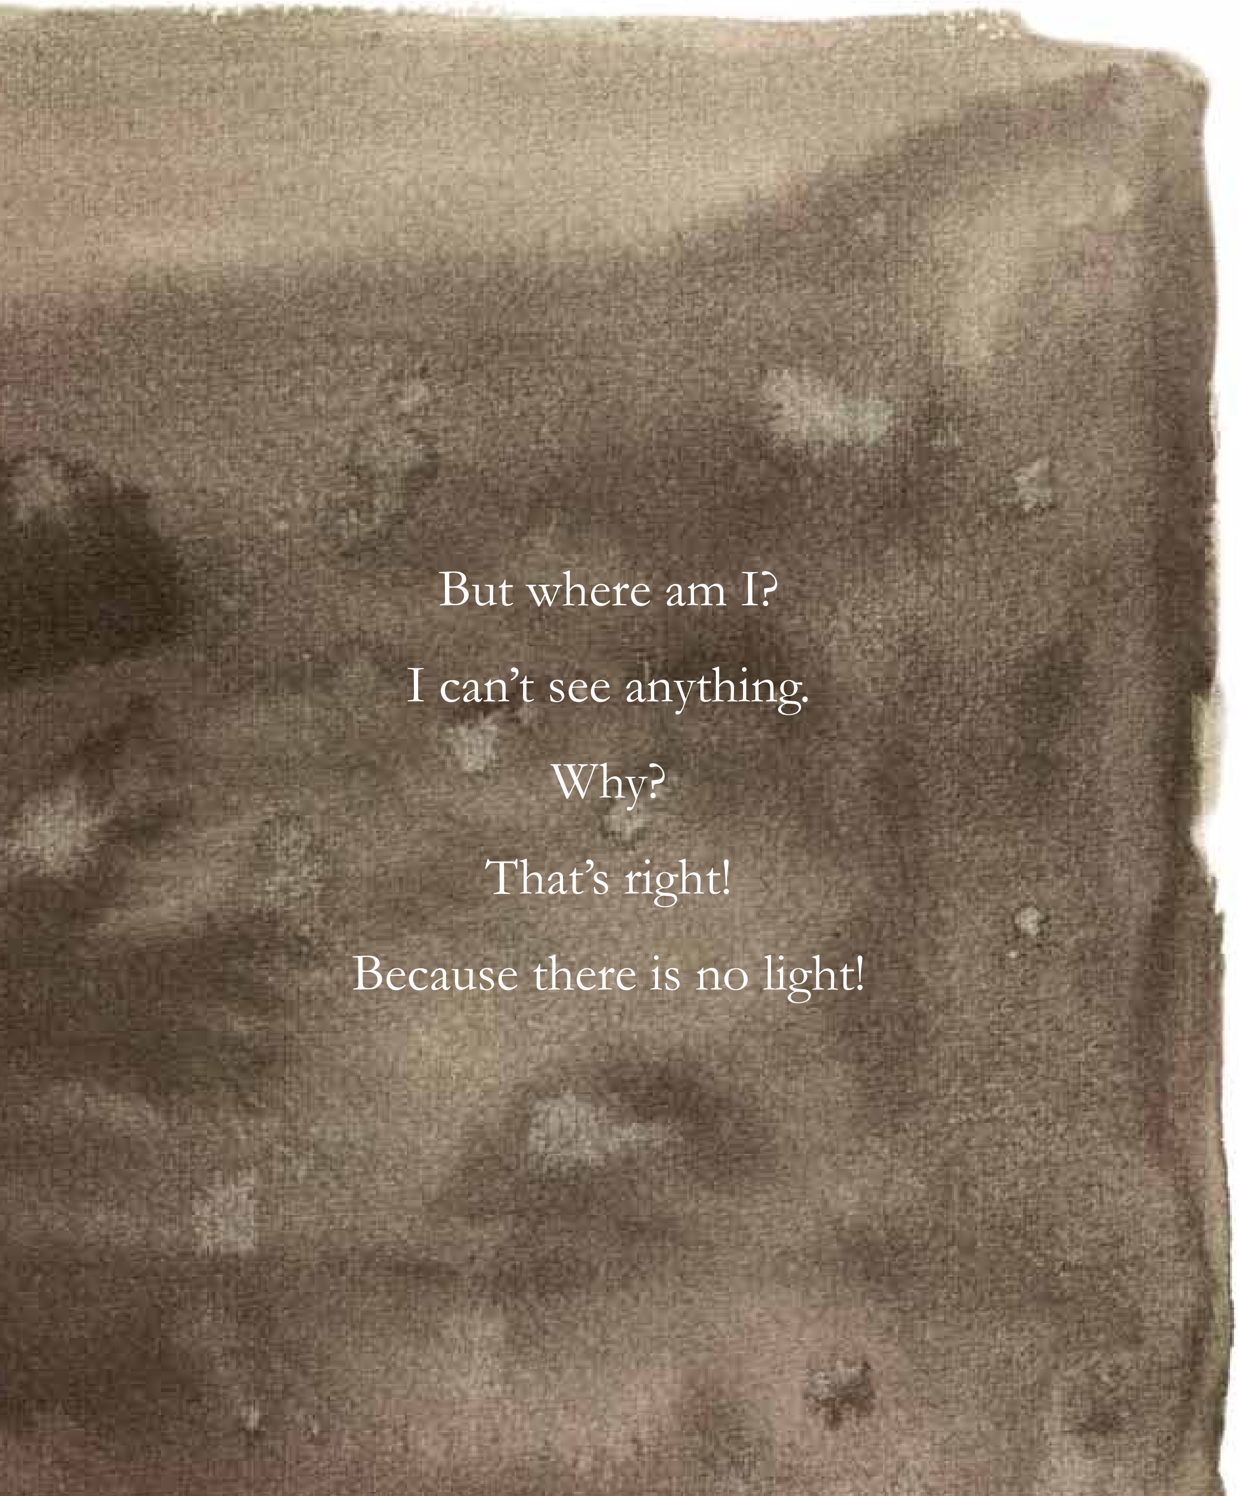


Slowly open your eyes.

Sniff sniff sniff!

Ah, I smell something.

I feel something soft in my hands.



But where am I?

I can’t see anything.

Why?

That’s right!

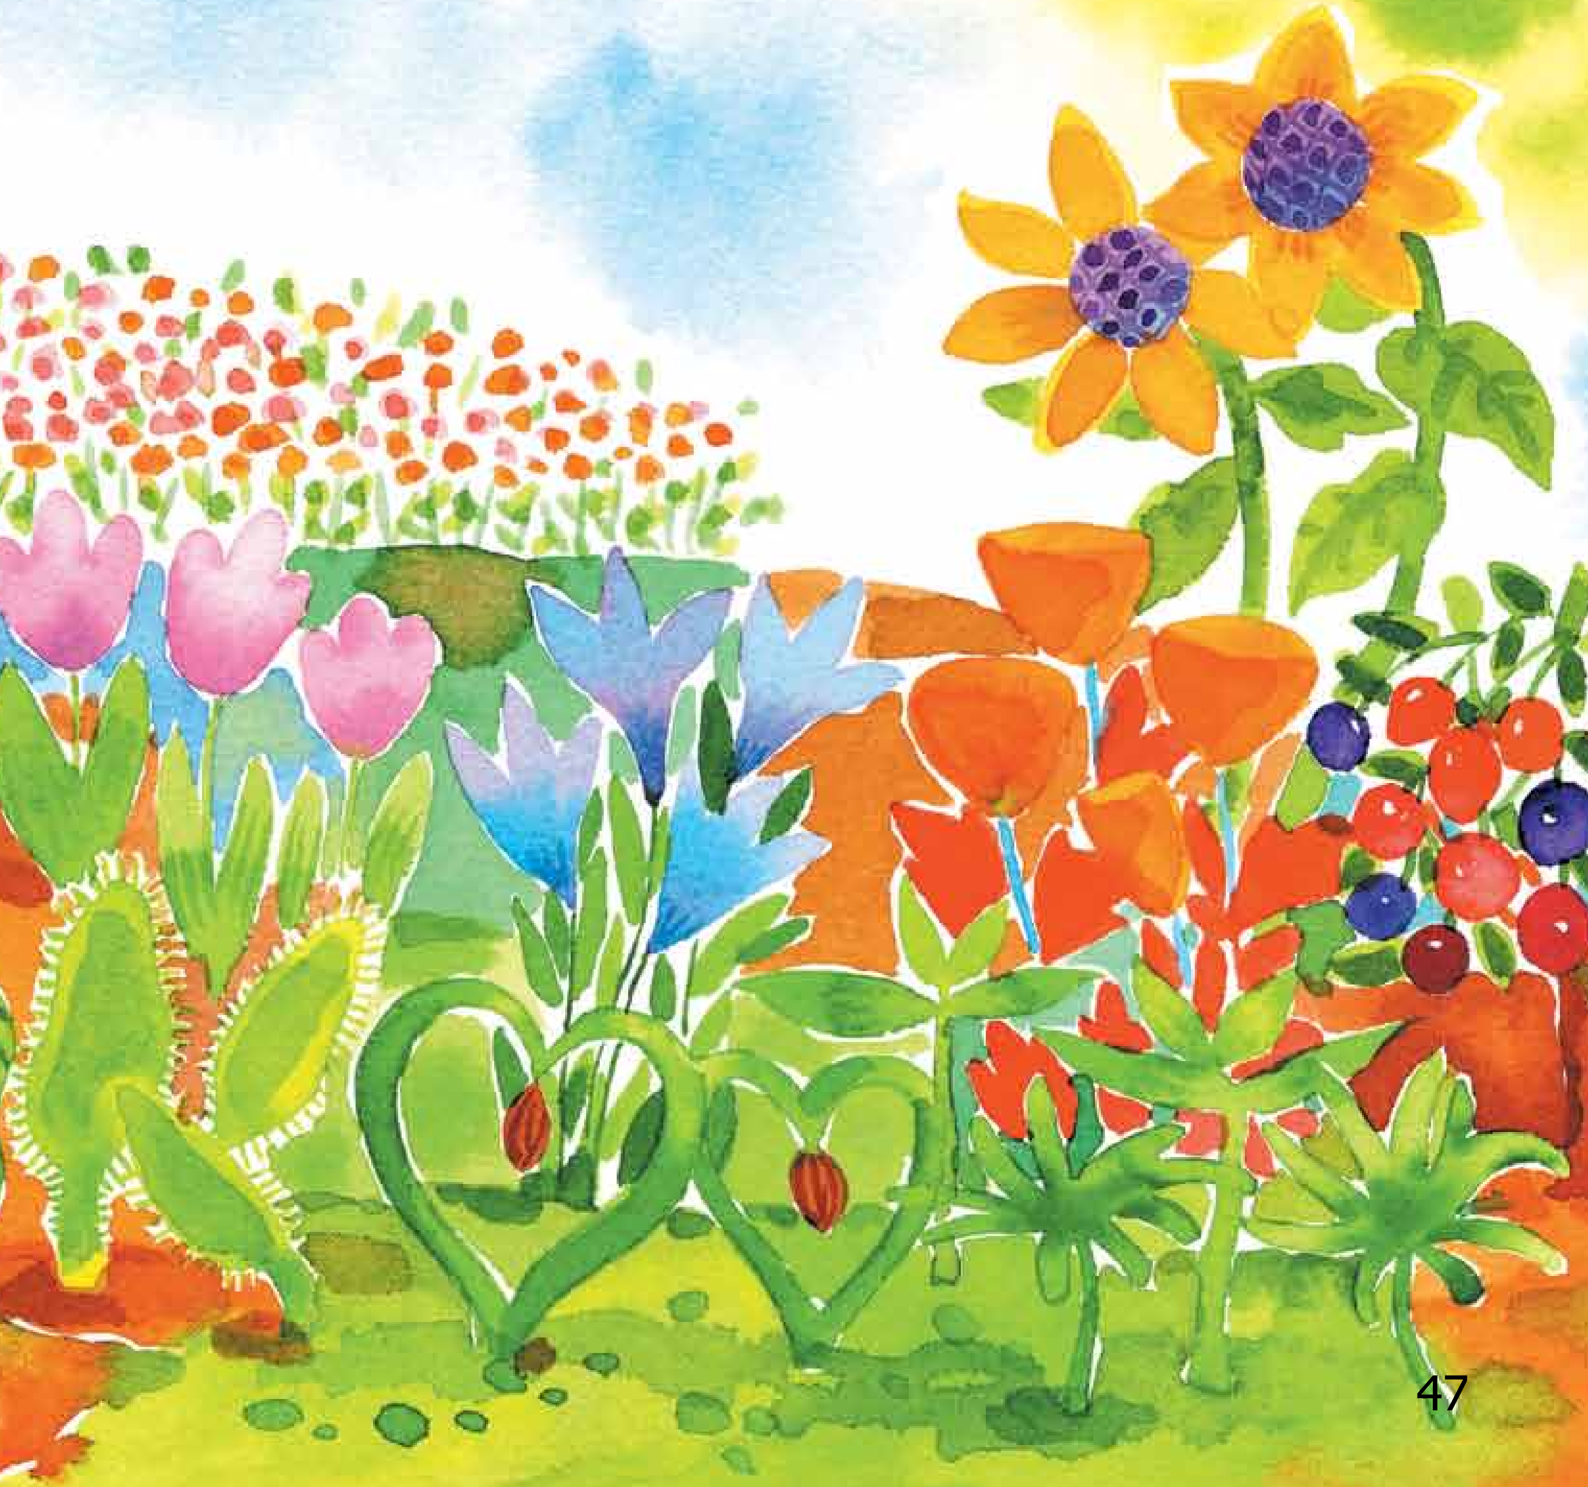
Because there is no light!

Tada! Now I know where I am because there is light.

I'm at a garden full of soft leaves and nice scents of flowers.

I can see these beautiful flowers because there is light.

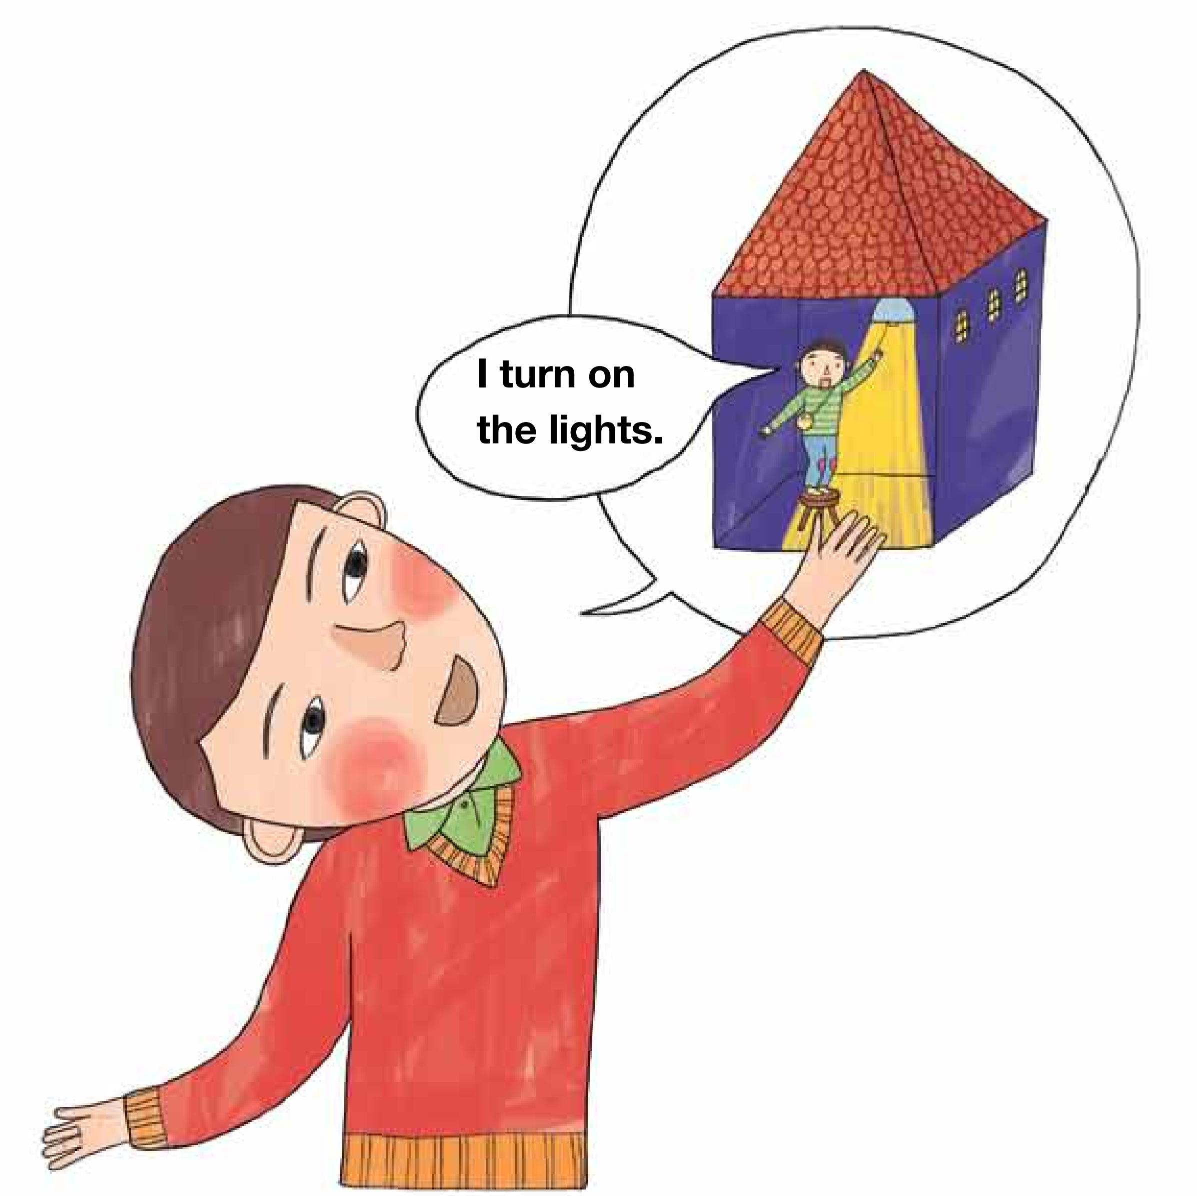
Let's thank God for creating the light.



God created the light.

“In the very beginning of the bible, it tells us about God’s creation of this world. What do you do first when you enter a dark room?”

“Mm…… I turn on the lights.”



I turn on the lights.

“That’s right, God created the lights first too. Light is very important to all people, all trees, flowers, and animals. Let’s go outside to figure out what God has also made next.”
